

# Sprint Retrospective 6

Date @April 25, 2023

## Attendees

All

## Good

The team has worked well together and everyone has helped out other team members when needed. All team members have always been present

## Bad

Project experienced difficulties due to open ended brief which was difficult to put a focus on.

Team did not have any of the skills required for this type of project so the learning curve slowed down progress and were not able to complete all the tasks we had hoped.
