

Sprint Retrospective 4

 Date	@March 28, 2023
--	-----------------

Attendees

All

Good

Did a good job of spreading out the right amount of work to each person

Bad

Learning all the new technologies is slowing down our progress

Ideas

Try to stay on a similar task as previously done so that theres no new learning in final weeks

Actions

Be vocal in this sprint if you are falling behind as we don't have much time to make up
