Sprint Retrospective 2

📅 Date	@February 28, 2023

Attendees

All

Good

Break down of tasks was better

Bad

Scheduled a sprint over a holiday week which didnt work. The "daily" scrums are not as effective as they could

Ideas

Need to make better use of the daily scrum meetings to provide feedback etc

Actions

Everybody needs to be prepared to provide a short update\presentation in the scrum

Need to make better use of the pull request channel on teams
